

Ration Office Will Be Closed

Randall Citizens Will Go to Amarillo After Nov. 20 on Ration Business

The Ration office in Canyon will be closed on Nov. 20 according to notice received from the district office in Fort Worth. The office will be moved to Amarillo and consolidated with the Potter county office. Oldham county will likewise be moved to Amarillo on that date.

A protest to the change has been filed by members of the War Price and Rationing Board. Such a move will cost the citizens of Randall county much time and money as it becomes necessary for them to go to Amarillo on ration business.

All counties of West Texas have been consolidated into 3-county districts, according to a statement from Fort Worth.

County Exhibit Is Held by H. D. Clubs Saturday

Did you visit the County Exhibit at the American Legion Hall Saturday afternoon? If not, you missed a most interesting exhibit.

Members of the Home Demonstration Clubs in the county had on display tufted bed spreads, quilts, pillow cases, aprons, dresses, tea towels, hot pot holders, flowers, canned goods, upholstered chairs, braided chairs, napkins, crocheted bed spreads, afghans, chair sets, and bed room articles. More than 90 per cent of the articles were made from feed sacks.

At two o'clock 200 women and children had already viewed the displays, and more were coming.

One of the most unusual articles was an afghan made from old silk stockings. To walk around and look at the cost marked on the beautiful articles and see 10c, 30c and 90c was almost unbelievable. One beautiful bed spread made by a 4-H girl cost 90c.

If you were disappointed at not being in time to buy some of the luscious home baked foods, you were not alone. Members of the club were sorry that they didn't have more sugar to bake more with. But we all know how the sugar deal is.

Profits from the store amounted to \$75.00. This goes into the Council fund to build up the scholarship fund for another year.

Farmers to Hold Meeting Oct. 25

Reconversion and postwar problems confronting agriculture will be the principal topics for discussion by producers of this area at a meeting to be held at Amarillo on Thursday, October 25.

The meeting is sponsored by the Texas Farm Bureau Federation and is one of a series of 14 being held throughout the state. J. Walter Hammond, president of the organization, announced. Purpose of these meetings is to bring farm and ranch people firsthand information on the immediate problem of post-war prices.

"There is a growing sentiment to lower agricultural prices," Hammond said. "A collapse of farm prices, such as followed World War I, will lead to a break in the entire price structure of our economy. It will take the combined thinking of the best minds in agriculture to map a sound and practical farm program that will insure fair prices and prevent endangering the post-war economy of our nation."

The Farm Bureau strives to represent the true thinking of the producers of this state, and it is therefore necessary to call the farm and ranch people in to district conferences to give them an opportunity to express their views on these issues of such paramount importance at this particular time, in order that as an organization the Farm Bureau will know what course of action to pursue, Hammond said.

All farmers are urged to attend this meeting and have a voice in the formulation of a program which they believe will be sound and constructive.

J. M. Hatton of Spearman, member of the state board of directors from this district, will preside. The meeting will start at 10 a. m. in the Amarillo Hotel at Amarillo.

Discharged Men Asked to Report to Canyon News

The News is attempting to keep up with the men and women as they are discharged from the armed forces. With more than 1,000 from Randall county in the service, it is hard to learn when they return.

The News will greatly appreciate it if parents and friends of discharged veterans will report the fact to your newspaper.

Arthur C. Haley, Jr. Joins News After Discharge

ARTHUR C. HALEY, JR.

Lt. and Mrs. Arthur C. Haley and baby, Mary Patricia, arrived Saturday from Melbourne, Fla., where Mr. Haley served as Signal Officer in the Naval Air Corps. He was on a carrier in the Pacific before being assigned to work in Florida. Lt. Haley received his promotion to full lieutenant on Oct. 1 and was discharged from the service on Oct. 3.

The Haleys are living at the parental Warwick home, and Mr. Haley has joined the News staff.

More Rain Is Received Here

Wheat Planting Goes on in Every Part of County; Moisture Is Below Normal

Rain fell in Canyon Saturday night which amounted to .45 of an inch. The total moisture for October is now 1.05 inches. This brings the total for the year to 12.90 inches. This is much above normal for Canyon. Fortunately much more rain has fallen in most of the county than has been registered in Canyon.

Wheat planting is in full swing all over the county, and most of the 1946 acreage will be planted in a few days. Ideal fall weather has prevailed during the past week.

Want A Gun? Many Will Be Given Away?

Thousands of obsolete guns, howitzers, tanks and other Ordnance items will soon be released to take the place of the community's old cannon or howitzer that went to war via the nation-wide scrap drive. Community organizations can now apply for items of obsolete combat material which the Ordnance Department is authorized to scrap according to a recent policy announced by Major General Henry B. Saylor, Deputy Chief of Ordnance in Washington.

Also eligible are Posts of the Veterans of Foreign Wars, American Legion, Grand Army of the Republic, Sons of Veterans Reserve, and other war veterans' associations, non-profit museums and municipal corporations.

About four thousand weapons valued at more than ten million dollars in original cost have been declared obsolete by the War Department. Over two thousand of these weapons are big guns and howitzers.

Organizations applying to the Chief of Ordnance, Washington, D. C., for these obsolete weapons must assume all packing, handling and transportation expenses from the nearest depot. Howitzers weigh about twelve thousand pounds; big guns run about 26,000 pounds, light tanks tip the scales at about 33,000 pounds, and transportation expenses should be considered before ordering a new decoration for the village green.

Ray Cole Is Due Home This Month

According to a letter from Mrs. Ray Cole of Dallas, her husband is due home with a discharge before the end of October.

Ray is in the navy, and after action in European waters was shipped to the Pacific where he has been engaged against the Japs.

TO ATTEND SYNOD

Mrs. E. D. Harrell and Mrs. Clarence Thompson left Monday to attend the Synodical, or State meeting of Presbyterian churches.

Mrs. Thompson is the delegate from this church. Mrs. Harrell will visit the former Esta Lou Bandy. Enroute home they will stop in Temple for check-ups at White and Scott Hospital.

War Fund Drive Is Under Quota

All Who Have Not Made Contributions Asked to Do So Soon as Possible

With a quota of \$3,200 for the United War Chest, Randall county has raised \$2,800 according to a report made yesterday by County Chairman Milton Morris.

Mr. Morris is anxious to close the campaign, and hopes to have reports from all committees who are soliciting funds for the drive. He stated yesterday that should the committees which not reported bring in the quota raised last year that the drive should be ended successfully.

There are probably a number of Randall county citizens who have not been solicited by committees appointed for this purpose. Mr. Morris is anxious that those who have not been seen shall leave their checks at the office of Southwestern Public Service Company as quickly as possible. Those in Canyon should leave their checks this week.

Mr. Morris states that the farmers have responded quickly to the drive. Committees from the Victory Council have reported more quickly than committees in Canyon.

More Men Arriving Home After Discharge From Armed Forces

Men returned this week include the following:

S-Sgt. F. C. (Bud) Thurman has received his discharge from the Army. He spent 3 years and 2 months in service, making 25 missions over Germany with the Air Corps.

Dean Schaeffer, who has spent 25 months in China, has returned to the home of his parents, Mr. and Mrs. George Schaeffer, with his discharge.

S-Sgt. and Mrs. T. S. Stevenson are moving into their newly purchased home at 1202 7th Avenue. Mr. Stevenson received his discharge in Amarillo yesterday. He will be associated with his father in the Randall Motor Co.

Sgt. Charles W. (Boots) Johnson, son of Mr. and Mrs. G. W. Johnson, is home from Europe with his discharge. He left Canyon with Co. F but transferred to the Air Corps. He lacks 1 month having been in the Army 5 years. He has spent the past 17 months in Europe.

T-Sgt. Billy Sternberg, son of Mr. and Mrs. A. W. Sternberg, arrived at the home of his parents Thursday evening, with his discharge from the army. He has served for the past 30 months in Africa and Italy. His wife has been employed at the Amarillo Air Field while he was away. He will be associated with his father in the lumber business.

Sgt. Wayne Byars has his discharge after serving 3 years and 7 months. His service took him to Africa and the India Burma areas. Tom Hale Fleming, Chief Moto

Henry T. Dowd Joins West Texas Flying Field

Henry T. Dowd, Jr., assistant general manager and chief pilot and flying instructor at West Texas Field, has had a varied experience.

For 9 years he made his home in Amarillo, where he graduated from high school. Prior to the war he made his home in Albuquerque, N. M. His first experience as an instructor was in the pre-war work at Clovis, N. M. From there he went to Dallas Aviation Schools, Hicks School at Fort Worth, Bruce Field at Ballinger. Later he worked in the Office of Appliance Repair at Concho Field, San Angelo, but was transferred to the work of a civilian instructor there.

After Japan folded he contacted G. W. Cox and moved to Canyon with his wife and young son, David Michael.

Jess Armstrong Home on Leave

Jess Armstrong is home from the Pacific where he has been serving in the Coast Guard for the past 22 months. He was in four major campaigns. He will report back to San Francisco on Nov. 15 for reassignment. Owing to his youth, Jess does not consider that he has a chance for a discharge for several months. He is visiting at the home of his parents, Rev. and Mrs. C. G. Armstrong.

Church Board Is Named For Year

The official board of the First Christian Church had its first regular meeting for the new fiscal year Sunday afternoon, October 14. At this meeting the following officers were elected: Chairman of the Board, W. A. Miller; vice-chairman, Marion Higdon; treasurer, Dr. D. A. Shirley; secretary, Mrs. Lawrence Aber; Sunday School Superintendent, Gene Root.

CPL. BONDS PROMOTED

Cpl. Eugene Bonds, son of Mr. and Mrs. G. J. Bonds, has recently been promoted to that rank according to word received by his parents. He is with a truck company in Manila. He has been in the service 19 months and overseas 11 months of that time.

Burial Services Held For Major

Brother of Mrs. Wilford Taylor, Jr. Was Victim of Air Plane Crash

Military funeral rites for Major Ovid Pinckert who was killed in the crash of a C-46 Army plane on Mount Baldy near San Bernardino, Calif., October 5, were held at the First Methodist Church in Hereford Sunday at 3 o'clock. Capt. S. F. Weir, chaplain of Amarillo Army Air Field, was in charge of the services. He was assisted by Rev. Marvin Boyd, pastor of the Hereford Methodist Church.

Bodies of the four victims of the crash were recovered Thursday after a crew of 40 Army men had worked for six days to reach them. Major Pinckert's body, escorted by Maj. T. J. Kimes of the Reno Army Air Field arrived in Hereford Saturday. His widow, the former Miss Pearl Farschon of Slaton, and his mother, Mrs. F. L. Pinckert, who was visiting him at the time of the tragedy, returned to Hereford with the body. His father, F. L. Pinckert of the Jumbo community, and a brother-in-law, Wilford Taylor, Jr., drove through, arriving here Friday night.

An aviation enthusiast owning and operating his own planes since 1924, Major Pinckert had served for two years at points in New Mexico and Oklahoma as a civilian instructor in the Army pilot training program before entering the Army as a commissioned officer four years ago. He served with the Air Transport Command in Africa for 14 months. At the time of his death he was chief pilot at the Reno Army Air base. Major Pinckert came to this community in 1918 and was well known here. He attended Hereford schools.

Survivors besides his wife and parents are three sons, Frankie, 17 years old; Harold, 15, and Ernie, 12, all of Carlsbad; two brothers, Chester and Robert Pinckert of Hereford, and a sister, Mrs. Wilford Taylor, Jr., of Canyon. Interment was in West Park Cemetery, Hereford.

Many Vets Fail Keep Insurance After Discharge

General Omar N. Bradley, administrator of Veterans Affairs, recently disclosed that 14 out of 15 persons discharged from service have allowed their National Service Life Insurance to lapse. It would appear from these figures that at least one reason why so many Veterans are allowing their insurance to lapse is a lack of understanding of their privileges of continuing government insurance after discharge and the steps they may take to keep it in force. You may obtain information from the Randall County Home Service Office of the American Red Cross on the 3rd floor of the court house. Some of the facts available are: Veterans who may continue National Service Life Insurance after discharge. Steps necessary to continue National Service Life Insurance. Change in mode of paying premiums. Change in beneficiary. Change in amount of National Service Life Insurance.

The Red Cross will be glad to help any returning veteran in supplying information about National Service Life Insurance. Office hours 1:30 to 4:30 each week day.

Mrs. Hattie H. Briggs, Home Service Secretary.

Bob's Coffee Shop Will Have Opening on Friday

B. R. CLARK

Improvements on Bob's Coffee Shop are completed and the formal opening of the newly enlarged dining room will be held Friday. A large number of firms are extending congratulations to the firm for their improvements in this issue of The News.

New equipment has been installed in order that more people can be served.

With the opening of the dining room, large groups of persons may be seated. Club banquets may be served in the addition which has been built to the Coffee Shop.

Court House Under Repair

Room For Extra Offices and Jail on Third Floor Found in Repair Program

Rapid progress is being made on the improvements at the court house.

Practically all of the plastering has been completed and painting will start this week in the district court room.

The ceiling of the third floor corridor is being lowered in the north section in order to conform with the ceiling at the south section of the corridor.

Judge A. H. Hunt states that the Commissioners Court has not yet decided on changes for the county court room, which is seldom used. The court has discussed the possibilities of lowering the ceiling in this large room and converting it into office space. This would make a splendid suite of offices for some of the county officials. The disadvantage of being on the third floor of the court house is the only objection that is raised to this improvement.

Should this improvement be made, the court finds that another improvement would be possible. That is, building a county jail on the fourth floor of the building. An adequate county jail has been discussed many times, but no action has been taken. For several years the county has used the city jail, which is located in the rear of the city fire department. Judge Hunt states that there would be ample space for a county jail as the result of the improvements which have been made in the building. The cost would be much less than building a separate building. However, no action has been taken as to this change in the construction of the building.

Lower Rates on Power Is Given

Another Reduction Is Made by Southwestern Public Service Company

Southwestern Public Service Company has announced another reduction in electric rates. It is the second voluntary rate reduction made in the electric service company in one year's time. The new rate starts at 6c per kilowatt hour and graduates down to as low as 1 8-10 per kilowatt hour.

When Southwestern Public Service Company took over the operation of the electric system in Canyon in September, 1942, the top rate was 10c. On October 1, 1944, and, effective October 1, 1945, the top rate has been further reduced to 6c. The new reduced rate is already in effect and will apply to October use. The two rate reductions which Southwestern Public Service Company has made in Canyon since this country entered the war were designed to bring the rates in line with those elsewhere in the territory served by the Company. The lower steps of the rate scale down to 1 8-10c per kilowatt hour.

Southwestern Public Service Company has operated the electric system in Canyon for only three years, all of which has been during war time, but has operated in other cities, towns and communities in the Texas Panhandle and in New Mexico for more than twenty years and has long followed the policy of voluntary rate reductions as frequently as possible, consistent with the maintenance of adequate and reliable service. The Company is now busily engaged in a broad program of increasing its power plant and line capacities to provide for the increased use of electricity which it feels is bound to come through the industrial and rural expansion of this territory and through the increased use of electric service in homes and business establishments when new electrical appliances and apparatus become available.

While prices in general have risen during the war, and will probably continue to rise, the Southwestern Public Service Company has demonstrated its ability to reduce rates as the result of increased production and efficiency and hopes to be able to continue this program in the future.

W. T. Hi School Homemaking

By Flo Hammons

In our class we have outlined our work for the year and set up goals we wish to attain. For this semester we are studying interior decoration and cooking. We have been studying and demonstrating flower arrangements. We also have been considering points in the location of homes, drawing floor plans, and studying the selection of furnishings for a home. Our class went on a field trip and visited in the homes of Mrs. Fred H. Soil and Miss Isabel Robinson. Miss Herring, our teacher is showing us the importance of a home-like atmosphere in the department.

The class organized and elected the following officers: president, Pat Brady; vice president, Carrie Bell Smith; secretary, Carrie Marie Dawdy; treasurer, Ima Crowell; historian, Rosalee Campbell, and reporter, Flo Hammons.

Visitors are welcomed to come visit our class at any time.

ATTEND FUNERAL

Mr. and Mrs. T. M. Thurmon and family attended the funeral of Mrs. C. C. Thurmon at Littlefield Friday, Oct. 12. Mrs. Thurmon, a sister-in-law of T. M. Thurmon, had been quite ill for a long time.

PIONEER CLUB TO MEET

The Pioneer Club will meet in the home of Mrs. E. D. Harrell, Thursday afternoon, October 25 at 2:30 o'clock. All members are urged to attend.

Restrictions on Newspapers Are Still Effective

All of the daily newspapers are making renewals of subscriptions only. There will be less newsprint available for the daily newspapers for 1946, according to government estimates, in spite of the fact that newsprint has been released from restrictions. This does not increase the amount available.

Those who fail to renew their subscriptions will be out of a daily newspaper during 1946.

The Canyon News will send in the renewals on the Amarillo News, Star-Telegram and other daily newspapers. It is necessary to attach the date tag of the Star-Telegram in order to secure a renewal.

Editorials

The News feels rather chesty. No less personage than the President has agreed with us. While strikes are always to be deplored, we took the position two weeks ago that these strikes were the natural outburst of pentup resentment as a result of the war. The President likewise deplores strikes, but agrees that a return to sanity may be expected within a reasonable period of time. He has made no recommendations to Congress, but the lawmakers indicate that it may not be long before the unions and the union members shall be made responsible for their lawlessness. As matters now stand, union officials and members are free to commit breaches of promise and to violate every code of ethics in the land, and yet go free to continue their way. If the President would endorse such a bill in Congress, the law abiding union men would see to it that their racketeering leaders were made to behave. We still have faith in the fair sense of Americans that a majority will do the right thing when they are shown what is right and proper.

American soldiers are not dumb. They observe what is going on, and wonder at the wastefulness of our government. While civilians have had to do without gasoline, rubber, food, and all sorts of provisions during the war, men in uniform have seen these items wasted by the wholesale. Billions of dollars worth of precious metal, food, gasoline, ammunition and machines have been wasted, when a little common sense on the part of those in command would have saved a greater part of these materials. Sure we won the war, in spite of this waste. One of the reasons that we won the war was because this nation had such a great store of vital materials that could be criminally wasted, and at the same time win. Just talk to returning veterans, and they will tell you the story as they saw it. And these fellows are not the dumb type. They followed orders while in uniform because they had to do it—or else. But they were not blind as to what was going on.

Congress is trying to pass a tax bill which will greatly reduce taxes. That is good news to those citizens who will benefit to the greatest extent. Senator George, chairman of the Senate Finance Committee, raises a pertinent question. The nation is in debt about 300 billion dollars. This debt amounts to approximately \$2,000 for every man, woman and child in the nation. Before we start reducing taxes, why should we start paying this debt? Why leave it to future generations? We are told that the next few years will be prosperous. Why postpone a radical reduction in the nation's debt by paying all that we can while prosperity remains? Why leave this debt for the returning veterans and their families to pay off? We are simply wondering out loud.

Our sense of justice cannot agree with the French method of court procedure. Over there the defendant hasn't a chance. Witness the Laval trial. But why criticize the French. Here in America we reverse the case. The criminal has everything in his favor. The state is hard pressed to convict those who are charged with any kind of crime. It would be a happy state of affairs if the French would use a little common sense in dealing with criminals—and likewise, it would be a blessing to America if we did not try to protect all classes of criminals to the extent of making justice a farce.

Everyone wants to help the returning GI's. Nearly every local organization of every county in the nation has appointed a committee. In addition to this there are 20 federal agencies, running at counter purposes. Until jobs become scarce, the returning GI wants to be left alone and allowed to select his future job without so much local interference.

Russia is asking for a share in the Panama Canal, a part in running the affairs of Japan; in addition to practically running the affairs of Europe; but the best joke is another loan of six billions from Uncle Sam. Stalin and his advisers are not lacking in gall. We shall see what we shall see.

We see that Congress plans to reinstate the National Guard, having served in the Guard for two years, and having observed the Guard in Canyon for many years, we are strong for this organization. When the Army is careful in the selection of local officers, the training given local boys is very fine. The annual camp gives the boys a taste of army life with none of the ill effects that goes with regular army life. We hope that Company F will come back to Canyon, and be given an adequate armory which will appeal to the local boys. The war has developed some mighty fine young officers, who may carry on the traditions of Company F. The late Captain W. E. Lockhart made a splendid record in training boys, and another group of officers can be secured who will carry on this work. By all means we must have the National Guard. In addition to this, establishing regular military training in all colleges and in the larger high schools of the nation will give our youth a chance for military training.

Paging Doc Townsend! The Newsman sends out an emergency call for that disillusioned Californian, and hereby declares that he is ready to join forces to demand that \$200 per month, here and now. Since the Newsman reached the necessary age of 60 years on Monday, we now declare that we are ready to spend that 200 per just as fast as Doc can get it to us. Yep, we reached the age of retirement, when old folks should retire and take things easy. But we wonder who in heck would get out the Canyon News and do a lot of necessary printing around Canyon if it were not for old men down here at the News office. We have found since Oct. 15 that most of this demand for 200 per is based on pure prejudice, in which most of us old timers join under the false misapprehension that the government is going to take care of us. When do we get our check, Doc?

Personally we believe that Selective Service should be stopped. Young boys are being taken into the army and will loaf around camps or be sent overseas for police duties. They will be taken away from school just at the time when they could get the most out of their studies. We must have an adequate army for police purposes, so why not give older men an adequate wage that will induce them into the army rather than deprive the youth of the land their needed educational opportunities? The army may build men physically, but from a moral standpoint a majority of the men who are forced into a peacetime army will come out moral wrecks.

Scientists declare that other nations will soon discover the secret of the atomic bomb. They believe that this secret should be shared by other responsible nations. We pioneered in the venture, and spent two billions of dollars. This will encourage other nations, which really want the bomb, to go ahead with their experiments, knowing that science can find the way. This being the case, it might be well to call in the five major powers and allow them to share in the control of the bomb. President Truman and Congress admit that the bomb is a hot subject, and one that may cause a considerable amount of grief in the future.

There is no glory in war, as history too often paints for the youngsters in the history books. Sherman adequately described war, and there is no guesswork about it. The world cannot live through another war—but do we have sense enough to escape such a tragedy?

A nation cannot be remade overnight. General Eisenhower now believes that it will take 50 years to make a decent nation out of Germany. Wonder if the United Nations are setting a very great example of the glories of Democracy as we fuss and fume at each other?

THIS WORLD WAR II LIVES IN SOUND AND PICTURES FOR FUTURE GENERATIONS... A STORY OF VICTORY AND DEFEAT TO STRENGTHEN IN THE HEARTS OF ALL MEN THE DETERMINATION TO BUILD FOR PERMANENT PEACE.

Congress has set the fourth Thursday of November as the legal Thanksgiving Holiday. This does not meet the approval of thousands of football fans who want Thanksgiving on the last Thursday of November. It so happens that there are five Thursdays in November again this year. In years past the Governor of Texas has been high pressured into declaring two legal holidays. Coke Stevenson is not going to run counterwise to Congress this year. We shall have only one Thanksgiving in Texas in 1945, and this is the legally set date for the fourth Thursday in November.

Too often the man on the street is inclined to make light of the so-called "long haired scientists." Let it be remembered that most of the scientists who cracked the secret of the atomic bomb were alert young men who had gained their scientific knowledge in the school of hard knocks. Too many of our people are prone to make light of science, and deploy the vast amount of money which we spend for educating young men. A grateful Democracy should strengthen its scientific research following the experiences of this war.

General Patton declares that the only way for America to escape another war is to be prepared. Probably this means compulsory military training, in the eyes of the military men. So far as the fathers and mothers of America are concerned, we believe that the trend is definitely away from such training. America is not of a military mind. The people are fearful of military rule. Many of those who at first favored compulsory military training are now weakening as they see nothing but police duties for the men in uniform for many years to come.

Some one said he would rather be right than President. John L. Lewis says that he would rather see the people of the nation freeze than to admit that he was wrong.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion, which goes right to the seat of the trouble to help loosen and expel germs laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly always the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Local ration boards throughout the nation are being closed, and records moved to centrally appointed places. This is going to be a great inconvenience to local citizens. Under the guise of saving money, all Randall county citizens will be

forced to go to Amarillo when they have business with the ration board. This will cost the citizens thousands of extra dollars. And on top of this, the Potter county board has the reputation of being one of the hardest boiled outfits in the State.

The last dictator in South America has fallen, as Argentina kicks out its strong man. It will be up to the Democracies of the Western Hemisphere to keep an eagle eye on the affairs of that nation and see to it that another Axis-loving strong man does not take over the affairs of that unhappy nation. But in Europe, we still have dictatorship in Spain. Franco remains in power in spite of the repeated proclamations that the United Nations will not tolerate such undesirable rulers.

After all, our cousins across the Atlantic are funny fools. They practically tore up the town when the Duke of Windsor returned to visit his brother, the King, and his mother. Americans pay just tribute to our national heroes, but cannot understand why the English fall for such things as royalty. Americans enjoy giving a swift kick in the pants to those who become overwhelmed with self-importance, such as the role of royalty.

We expect to see some red-hot politics in Texas next year. Pay your poll tax if you want to have a part in this big show.

This modern world has reached the point where a switch regulates everything but the children.

Lightning Strike Thrice?

YES ☐ NO ☐

Even if it scores a knockout first crack, lightning can still jolt the same spot some more! It often does. Another accurate weather fact is that you'll step up your aging car's chances this Winter by OIL-PLATING the engine's insides. You want Conoco Nth motor oil for this protective OIL-PLATING.

Conoco Nth oil's great wear-fighting method is this: it employs the magnet-like action of its added ingredient to make metal and lubricant join up! This creates OIL-PLATED surfaces—no longer all bare to frictional wear and corrosion. Hence there's less cause for carbon-slugge-breakdown. And surfaces kept OIL-PLATED even at a standstill are ready for quick safe Winter starts. Your engine and battery both say, "Conoco Nth for Winter—today!"

GET READY FOR WINTER

Better go over your house from roof to basement—and take stock of what has to be done to make it able to face the rigors of cold and wet weather without discomfort to your family—and without deterioration of your structure. Now is the time to see about leaky roof repair, weather stripping, insulation, and fitting of storm windows and doors. Don't delay this important planning for the welfare of your family and the protection of your property. You will be surprised at the difference it will make in your gas bill this winter too.

Storm doors are insurance for your house, and keep draughty blasts of cold air out.

Storm windows are desirable cold wind breakers and help reduce heat losses.

Of course, you will not overlook making sure your gas heating equipment is in proper working condition. Clean dust and lint from gas heaters, floor furnaces, etc. If repairs are needed, make them at once. Get your equipment in working order so you will be ready for winter when it comes.

Fine New Band Uniforms Modeled

Pictured above are typical wearers of new West Texas State band uniforms. Twirlers, left to right, are Ruby West, junior, Silverton; Martha Hanna, sophomore, Stinnett; and Mary Hanna, sophomore, Stinnett. In the back row is Gerald Smith, drum major, a sophomore from Hereford; Mary Ruth Russell, drummer, sophomore, Hereford; Band Director Glenn Truax; Fillmore Hendrix, piccolo player, a freshman from Plainview; and Willa Mae Lindsey, drum majorette, a sophomore from Phillips.

Students and spectators witnessed an array of color when the West Texas State band marched down Buffalo field for the first time in

their new uniforms Saturday night between halves of the Buffalo-Lobo game.

Uniforms for the regular band members are a coat made from maroon whipcord in the Hussar style. This has a military collar edged in white silk soutache with silk lyres on each side of the collar. Front of the jacket is in West Point design with silver ball buttons. Sleeves trimmed in the white soutache and silver buttons are complete with sleevehead patch with lettering—West Texas State College and a buffalo in the center worked out in maroon silk embroidery.

West Point Style

Shoulder knots are of white silk cording and the belt is of white West Point webbing covered with grey whipcord with a silver plated buckle.

Uniform trousers are the regular style grey whipcord with two stripes down outside seam of maroon silk galoon braid.

To wear in bad weather and less pompous occasions the band has an overseas cap made from maroon whipcord. This cap has a white silk embroidered lyre on the left front and letters, W. T., embroidered on the right front.

For dress occasions, the must-

cians will wear a Hussar style cap of white imitation fur cut with flaring sides; visor and chin straps of white patent leather; silver lyre front ornament; side drape of maroon with letters, W. T. in white silk embroidery; eight inch maroon ostrich fountain plume.

Uniforms for the drum major and majorette are made of grey whipcord. The jacket is a coat with a military collar outlined in maroon whipcord with lyres on maroon silk on each lapel.

Background of the front plaque is maroon with grey scroll design in center and silver ball buttons. This coat has silk cord shoulder knots and dress cords. The belt and the trousers are the same as the other uniforms.

The major and majorette wear white imitation fur shakos with two maroon silk tassels in front; maroon drape on the side with the school initials in white silk embroidery; silver metal scale chin strap; eight inch maroon feather plume on right side of shako.

Satin Majorette Suits

Coates for the majorettes are of the Chesterfield style made of white satin with plain military collar and gilt ball buttons. The sleeves are trimmed with a maroon chevron de-

sign. The girls wear trimmed shorts to match the coats and on some occasions they wear plain circular satin skirts.

Twirlers' busbys are also of the Chesterfield style made of imitation white fur; white patent leather chin strap; gilt wreath and lyre front ornament; golden-yellow silk tassels, five inch maroon upright feather plume.

Homecoming Is To Be Nov. 3

Abbreviated Program
Announced; Dalhart AAF
Will Play Bufts

At one time or another all students who attend West Texas State College become alumni of this school. When this occurs, do former students completely forget their Alma Mater? No! They are not allowed to forget, because during normal times there is an annual homecoming week.

At homecoming, all graduates of the school are invited to come back to the scenes of their school days, once again to tread the campus and reminisce in general about the days when they were students.

This year, Nov. 3, is the date for homecoming. Because of the war, this is the first time in three years that homecoming has been possible. Although this year the event is to be limited to one day and evening, it is assured that a good time will be had by all present.

Highlight of the day will be a football game between the Buffaloes and the Dalhart Army Air Field team. Before the game there will be a marching contest in which bands from many high schools of the Panhandle will participate. Following the game there will be informal get-togethers and a dance.

Most of the campus fraternities and sororities will have open house on homecoming day and the rest of the campus organizations and students will do their best to make the homecoming graduates feel that they are once again at home.

gentle spirit over the violin, and
the music eddied into a mournful
tone. A little coffin sat by an
empty cradle. The prints of baby

the toys were scattered on the floor;
the lullaby was hushed; the mirth

He's the Sole Owner of the Business Now

Yes, Mr. Johnson is the sole
owner of the business now. But
he wouldn't be, if he hadn't
invested in Southwestern Life
Insurance. His business, you
see, began as a partnership; a
business that started from
scratch, and blossomed into a
thriving enterprise. And just at
its peak, Mr. Johnson's partner,
lost his life in an accident.

Death terminates a partnership
business—and unless proper
arrangements have been made
to continue it in some other
form, the business must liqui-
date. The firm name, property,
trade, good will—every asset
passes away with a partner's
death, unless the partners have
taken sound steps to perpetu-
ate that business.

Fortunate for Mr. Johnson, he and his
partner had wisely arranged through South-
western Life Insurance that either survivor
should have the right to purchase the de-
ceased's interest—and, equally as important,
the money to do it with. That's how Mr.
Johnson became sole owner of the business
. . . and how he has arranged for his heirs to
carry on when he gets ready to quit.

Death is the greatest single hazard any
business faces. Business insurance offers the

most effective method of offsetting the losses,
ironing out complications and solving the
problems of readjustment that death causes.
Through Southwestern Life Insurance, you
can do for your business just what Mr. John-
son did. You can have the ready cash, when
you need it, to replace a key man, buy out
your partner's widow, strengthen the finan-
cial structure of your business. Assure the
future of that business today with South-
western Life Insurance.

MRS. ROY DUNNAGAN

Miss Dorothy Jean Jennings Becomes Bride of Roy Dunnagan Wednesday

In a twilight ceremony performed
at the First Christian Church Wed-
nesday evening, Oct. 3, Miss Dor-
othy Jean Jennings became the bride
of Roy Dunnagan.

Rev. Joe Findley read the double
ring service before an altar banked
with palms and huckleberry. The
greenery formed a background for
the stands of tall white gladioli and
asters. Flanking the altars were
seven-branch candelabra holding
white tapers.

Mrs. Glenn Dowlen sang "Oh
Sweet Mystery of Life" and "Be-
cause" accompanied by Mrs. W. C.
Black. "I Love You Truly" was
played while the vows were being

said and the traditional wedding
marches were used for processional
and recessional.

Mrs. Richard Hough and Miss
Carlee Wirt, cousins of the bride
were attendants. They wore pastel
gowns with full skirts and sweet-
heart necklines. Both carried old-
fashioned nosegays. James Jen-
nings, uncle of the bride, served Mr.
Dunnagan as best man. Boone Mc-
Clure was usher.

The bride, given in marriage by
her father, wore a white satin
gown with a deep sheer yoke, fitted
bodice and full skirt. Her gown was
complimented by a single strand of
pearls, a gift by the bridegroom.

Her bridal veil was three tiered on
a seed pearl coronet. She carried a
white Bible topped by an orchid
with streamers and wore a gold
bracelet which belonged to her ma-
ternal grandmother.

The bride's mother wore a navy
costume with navy accessories. Her
corsage was of gardenias.

The bride's going away ensemble
was a black and white teal suit. She
used black accessories.

Mrs. Dunnagan is the daughter
of Mr. and Mrs. Cas Jennings and
the grand daughter of the late Mr.
and Mrs. T. C. Jennings, long time
residents of this vicinity. She is
a graduate of the West Texas Dem-
onstration High School and took
her degree from the West Texas
State College with the class of '43.
At the time of her marriage, she
was a teacher in the Lubbock
schools.

Mr. Dunnagan is the son of Mr.
and Mrs. E. N. Dunnagan of Fresno,
Calif. He received his education
at Monterey, Calif., and has a dis-
charge from the navy in which
service he did duty for two years.

The couple will make their home
in Fresno, Calif., where Mr. Dunnag-
an is associated with his brother
as paint contractors.

WOMAN'S BOOK CLUB HEAR STERNBERG AND JOHNSON

At the Woman's Book Club meet-
ing on Wednesday, October 10, Mrs.

Johnson's enlightening discussion
of "Japan's Defeat" revealed many
interesting facts.

A business meeting was conducted
by the club president, Mrs. Fred
Standley.

A change of meeting time was
made. The next meeting is October
24 at 3:00 o'clock.

Those present were Mrs. I. C.
Jenkins, Mrs. Harris M. Cook, Mrs.
Nancy McCaslin, Mrs. C. M. Dow-

Niece of Babers Is Married at Wichita Falls

Dr. and Mrs. W. A. Baber of 1400 Hayes Street, Wichita Falls, have announced the marriage of their daughter, Wilma, to Frank Aker, Jr., of Los Angeles, Calif. The couple were married in simple rites performed at the Santa Barbara Presbyterian Church with Rev. Joseph M. Ewing officiating.

The bride chose a teal blue wool crepe suit with which she wore a blouse of rosepoint lace. Her accessories were chosen to harmonize and her flowers were orchids arranged in a corsage. The bride's only jewelry was a single strand of pearls.

Mrs. Richard Yvaston, a sister of the groom, was matron of honor for the bride. She chose a wool suit in the soft shade of ash-roses and a corsage of baby orchids.

Larry Sherman of Hollywood was

best man for the groom.

Immediately after the wedding, the bride and groom were honored with a breakfast given in Montecito, Calif., by the bride's mother, Mrs. W. A. Baber. Guests were relatives and close friends of the couple including the bride's brother, Theron Baber.

Prominent Pair

Mrs. Aker is well known in Wichita Falls where she received her early education and attended Hardin Junior College and West Texas State at Canyon. She holds a degree in art from the University of Southern California and now is a student in the Los Angeles School of Optometry. After receiving her degree, she taught in the Compton city schools. While attending the university, she supplied fashion sketches for the Wichita Falls Daily Times as an extra-curricular activity, also devoting time to Pi Lambda Theta and the Pharett organization. In the school of optometry, she is a member of Pi Kappa Rho, a national optometric sorority for women, and is receiving much re-

cognition as a musician.

The groom is a son of Mrs. H. C. Stieling of Hollywood and of Dr. F. W. Aker of Westwood Hills, Calif. He recently was discharged from the United States Army where he was a radar specialist. Before entering service, he attended the University of Southern California and was a member of Phi Psi fraternity. He, too, now is a student in the Los Angeles School of Optometry.

Mrs. Aker is a sister of Mrs. Audrey Wimberley; a niece of Joe and Pat Baber and of Loyd H. Bentley of Dawn.

M. E. HUDSPETH S. S. CLASS HAS COVERED LUNCHEON

The Mary E. Hudspeth Sunday School Class met for their October meeting in the home of Mrs. C. O. Elkins for a covered dish luncheon.

After lunch the meeting opened with the singing of the class song, "He Lives on High." Devotional was given by Mrs. Earl J. Davis, prayer by Mrs. Davis.

Mrs. D. M. Foster, president, presided at the business meeting during which reports from all officers were given.

Mrs. Roy L. Johnson presided at the installation of the following officers for 1945-46: president, Mrs. R. A. Hodges; Membership or vice president, Mrs. Faye Kennedy; group captains, Mrs. Joe Baber, Mrs. Carl Hair, Mrs. Frank Hicks, Mrs. Jay Prichard; stewardship chairman, Mrs. R. M. Cooke; ministerial chairman, Mrs. C. O. Elkins; fellowship chairman, Mrs. L. L. Byars; secretary-treasurer, Mrs. H. C. Long; teacher, Mrs. W. H. Harden.

Mrs. Frank Hicks presented the substitute teacher, Mrs. Earl J. Davis, with a gift. The new president, Mrs. R. A. Hodges, gave an inspirational talk.

The following members and associate members were present: Mrs. W. H. Harden, Mrs. Marion Davis, Mrs. H. C. Long, Mrs. Earl J. Davis, Mrs. E. L. Keene, Mrs. Minnie Fewell, Mrs. Boyd Moore, Mrs. Bill Crow, Mrs. Uil Gunter, Mrs. D. M. Foster, Mrs. A. G. Brant, Mrs. Bernice Slack, Mrs. R. A. Hodges, Mrs. Faye Kennedy, Mrs. P. F. PRESBYTERIAN CHOR

ENTERTAINED WEDNESDAY

After choir practice at the Presbyterian Church Wednesday evening Mrs. J. D. Barker and Mrs. Lee Foster entertained the choir members in the home of Mrs. J. D. Barker.

Miss Pauline Brigham presided at the coffee service, which was placed on a linen covered table. The centerpiece was of marigolds flanked by yellow roses.

Crumb topped apple pie, cheese, and nuts were served with the coffee to Rev. and Mrs. Robert W. Jones, Dr. and Mrs. A. K. Knott, Miss Helen White Moore, Miss Margaret Barrett, Miss Maude Cuenod, Miss Katie McCluney, Miss Jean Smith, Miss Lee Mann, Mrs. Cliff Jarrett, Mrs. Roscoe Davis, Guy Harp, Olin Hinkle, Spencer Winn, Tommy Thompson, Gene Adams, Charles Klutz, Lee Foster and J. RALPH H. D. CLUB REVIEWS ACHIEVEMENT WITH COX

Ralph Home Demonstration Club had their annual achievement of home improvement and poultry raising review in the home of the demonstrator, Mrs. Joe Cox, at 3:00 o'clock Wednesday, October 10.

Mrs. Cox gave her story of the improvement of her home. Her work included refinishing the house throughout, adding new furniture and a number of other improvements. The story of her work with poultry proved poultry can be raised profitably.

Mrs. Glenn Dowlen entertained with piano selections and Mrs. S. L. Robinson gave a reading on "Home." Mrs. Tom Gooch gave a talk on "Developing the Martha Side of Us."

Miss Lou Ella Patterson poured coffee from a beautiful table laden with individual chicken salads, stuffed eggs, Ritz, olives, salted nuts and white cake squares with "Ralph Club" written in green icing on each.

Mrs. Marion Davis, Mrs. Jones, Mrs. Malcolm Cashwell, Miss Boatman and Miss Lou Ella Patterson were guests.

Mrs. James Jennings, Mrs. H. C. Persons, Mrs. H. C. Adcock, Mrs. H. R. Hungate, Mrs. S. L. Robinson, Mrs. Glenn Dowlen, Mrs. Lonnie Byars, Mrs. Tom Gooch, Mrs. Crews Henry and Mrs. Cox were members present.

The next meeting will be October 24 in the home of Mrs. Lonnie Byars. All members are urged to be present for the annual election of officers.

ZITA H. D. CLUB HAVE HOME IMPROVEMENT REPORTS

On October 9, the Zita Home Demonstration Club met in the home of Mrs. D. C. McCormick for the Home Improvement Achievement program.

Roll call was answered by "an accessory I have added this year."

Several games were played by the group. A skit on Home Improvement was given by Mrs. H. R. Fulton and Mrs. Ralph Ruthardt. They talked in the party line and gave much true "and false" information on home improvement done by the club members.

The Demonstrator's story was one of much achievement throughout the entire year. General improvement of the whole house was made. Mrs. McCormick's bedroom was done over and all new furniture added with the exception of a beautiful antique mirror over the highboy. The beautiful antiques in the home were admired by all.

EDGETOWN H. D. CLUB MEETS WITH THURMON

On Friday, October 12, the Edgetown Home Demonstration Club met in the home of Mrs. T. M. Thurmon for the home improvement and achievement program.

Mrs. P. L. Walters, club president, presided and Mrs. Frank R. Phillips gave the Council report.

Members answered roll call with an accessory they had added to her home this year.

Much improvement in and around the home was attributed to the programs in the club this year.

Mrs. Thurmon, home improvement demonstrator, told her story and exhibited her year's work, which consisted of remodeling her bath room and kitchen.

Miss Lou Ella Patterson gave an interesting talk on home freezer lockers.

During the recreation period a suit race by Mrs. E. C. Penick and Mrs. O. M. Solomon, and a reading, "Nobody Knows But Mother," by Mrs. L. L. Gore were delightfully given.

Delicious refreshments were served to Mrs. R. B. Cox, Mrs. Penny Cox, Mrs. T. T. Fain, Mrs. L. L. Gore, Mrs. E. C. Penick, Mrs. Frank R. Phillips, Mrs. W. L. Rice, Mrs. W. B. Smith, Mrs. O. M. Solomon, Mrs. R. E. Foster, Mrs. Charles Stratton, Mrs. W. I. Wester, Mrs. S. R. Hood, Mrs. J. W. Gamble, Mrs. P. L. Walters, Mrs. Della Walters, Miss Patterson and the hostess.

The next meeting will be October 26 for the Hallowe'en party and election of officers in the home of Mrs. W. I. Wester, who extends a special invitation to all club members and to visitors.

PRESBYTERIAN GUILD MEETS

Members of the Guild met in Fellowship Hall at the Presbyterian Church on Tuesday afternoon. The theme of the devotional led by Mrs. W. E. Miller was "Peace." The Bible Study conducted by Mrs. A. A. Clark had for its theme "The Forerunner of Freedom," based on the third chapter of Galatians. Prayer was offered for the missionaries listed in the Yearbook of Prayer by Mrs. R. A. Neblett.

After the program, Mrs. R. R. Rigby, vice-president, presided at the business session. Mrs. Clark will be hostess to the Guild on Nov. 6.

Buff's Lost to Army Giants

Score of 21-12 in Hard Fought Football Game at Butler Field Saturday

West Texas State's Buffaloes came back strong Saturday night after being defeated last week by N. M. U. 13-0. The Buffs went all out against the Amarillo Field Sky Giants, but the latter edged out with a 9-point margin, 21 to 12.

The West Texas eleven were rated the underdog by many points, but sensational running, passing and kicking kept the Sky Giants looking in every direction for those fast running and hard hitting Buffaloes.

West Texas received the kickoff and after three plays fumbled the ball on the Buff 30-yard line. Seven plays later the Sky Giants scored as Blatnik ran over a touchdown from the 10. Try for extra point was good. Then the game became interesting as the Buffs took the ball on their 34 and in nine plays scored with Hoss Bledsoe and Hunter driving down field. Bledsoe powered over from the 1-yard line and try for extra point was no good. The second quarter brought both teams up and down field, with neither able to get beyond the 20-yard marker.

In the second period, Amarillo Field received and drove to the Buffalo 2-yard line before Hunter punted out to the Sky Giant 25, giving the Buffs a breathing period. Blatnik again in charge of the ball began a move down field with a pass to End John Murff for a 55-yard pass gain. Murff received another pass and crossed over for the second Sky Giant Tally. Burton's conversion was good.

Late in the last quarter the Buffs recovered a Sky Giant fumble on their own 37 and a series of end runs and passes again brought the ball to the opponents' 1-yard line. Two attempted plays failed, then Bledsoe again went over the pay stripe. Extra point was missed. With only a few moments left, Burton received and ran to his 34. An off tackle play was good for 4 yards. A handoff to Pacina was good for 62 yards and another score, with extra point good.

The Buffalo line turned in an excellent game, with the entire wall worthy of all praise received and much more. Bob Terry of Cameron, Texas showed up unusually well. The Buff backfield was really sparking with Bledsoe, Hedges, Hunter, Rodgers, Price, Edwards and Greenfield playing a most sensational game. Hunter has certainly gained favor with the fans with those long sweeping runs that always move the ball down field. Greenfield has also lived up to name as a sensational player.

The first downs were even in that both team had ten each. Four of the Sky Giants first downs came in the first half, while the Buffs gained seven in the first thirty minutes of play. Dave Browder, end for the Buffs, was in on every tackle, playing an excellent game both offensively and defensively.

Mrs. Walter Woodward of Coleman and Mrs. Lucius Halbert of Plainview visited at the News office for a short time Friday.

Canyon High Gridsters Trampled 18-6 by Tulia Hornets Friday

Malcolm Gunter Scores
Touchdown for Eleven

Playing the second conference game of the season the Tulia Hornets overpowered the Canyon Eagles 18-6 at Younger Field in Tulia, Friday night, October 12, at 7:30.

Malcolm Gunter, halfback, received a pass from Billy Abbott and crossed the goal line for Canyon's only score, late in the fourth quarter.

During the first few minutes of the first quarter Tulia made a touchdown for the first score of the game.

Scoring again in the third and fourth quarters, Tulia boosted their final score to 18 points.

Tulia's gridiron squad outkicked the Canyon team 20½ pounds per man.

Average weight of the Eagles' starting lineup was 144 lbs. while the Tulia lineup averaged 171 lbs.

After the game was over, Tulia held a reception and dance in the American Legion Hall for the football teams and the Canyon boosters. Mr. Tally, principal of Tulia High School, served light refreshments consisting of soda pop and cookies.

BE CAREFUL

Just think, a million dollars a day! That is how much money our country loses daily because of fire. Carelessness is the chief cause of this loss. People are careless with such things as matches, gasoline, inflammable cleaning fluids, etc. The larger part of fires start from causes that seem impossible. Every precaution should be taken to stop these fires.

The majority of the people do not realize just how much money can be saved each year, so each of us should do our part. Not only would we be helping our country, but we would be helping ourselves as well. So think it over and let's be careful.—By Anita Johnigan.

LET'S BE FRIENDS

Everyone likes to get along with his fellow man as well as possible, young and old alike. Always look at both sides of a matter in which you think that you have been done wrong and try to see the other fellow's side of a thing. It won't hurt you and may save some hard feelings.

So come on kids let's see if we can't get off to a good start this year with your classmates and with all whom you come into contact.—By Guy Brant.

Grade Notes

Mrs. Orton's first grade has two new pupils. Sandra Johnson hails from Henrietta, Texas and Jesse Corry from Sayre, Oklahoma.

All of the first floor rooms are decorating for the Halloween Carnival.

Patty Wallen of Mrs. Murrell's second grade has not attended school for a week because of illness.

Friday, October 5th, Mrs. Dougherty's third grade honored her with a fruit shower. Because it was Mrs. Dougherty's birthday some of the children gave her gifts. They had refreshments and played games.

Nancy Milford, student in Mrs. Brasher's fourth grade, has withdrawn from school and moved to Lubbock.

Mrs. Jones's fifth grade has built an Indian museum.

Mrs. Walsh's sixth grade has elected its officers for the year and Carol Christian will lead the class as president. Vice president is Benny Max Abbott and the secretary is Doris Jennings.

Mrs. Davis's sixth grade gave a Columbus Day program composed of three readings and "an up-side-down drill."

A new student in the sixth grade is Benny Sue Boswell who entered from Tulia, Texas.

Wilma Cupell Has Place in School

MISS WILMA CUPELL

Miss Wilma Cupell, new grade school teacher, attended both grade and high school at West Texas Training School. She received her B. S. degree from West Texas State College in May, 1945, majoring in Education, and minoring in Art.

When Miss Cupell was a junior in high school, she was a representative to the F. H. T. Council. In her sophomore year at college she was assistant physical education teacher, and in all her senior and part junior year Miss Cupell was assistant librarian at West Texas State College.

She teaches two classes of spelling and one of reading in the sixth grade, and two classes of reading and one class of spelling in the fifth grade.

Favorites of Miss Cupell are: food, cheese sandwich; drink, cokes; and song, "The Navajo Trail."

"My future plans are to go on teaching," said Miss Cupell.

Custodians Begin Official Duties

Mr. I. H. Hollabaugh and Mr. I. M. Steen are custodians of the Canyon schools for the year 1945-1946. Mr. J. L. Johnson, former janitor of the grade school, left at the beginning of school for his home in Breckenridge, Texas, where his wife and two children reside.

Mr. I. H. Hollabaugh of Canyon began his fourth year of work as custodian of Canyon High on October 1, 1945.

Having been custodian of the Canyon Grade School for eleven years, Mr. Steen resigned and accepted a job at the West Texas State College. He worked there approximately six months, but returned at the beginning of this school term to continue his duties as janitor of the grade school.

Improvements of the school buildings and grounds by the custodians include: waxing floors, stripping the gym, painting the walls and hall floors, and keeping their grass on the campus mowed.

During this session, the janitors made a new sidewalk to accommodate the milk haulers and the grocery trucks bringing supplies to the lunchroom.

These custodians state that the buildings and grounds are in A-1 condition.

Zonelle Gregg Is New Majorette

For the first time in three years Canyon High School has a drum corps. Under the direction of Mr. Bob Gray, the corps consists of 22 students chosen by Mr. Glenn A. Truax, band director from West Texas State College, Tuesday, October 9, 1945.

Chosen as the leading majorette for the Drum Corps is Zonelle Gregg. Anita Johnigan, Sue and Fay Dickerson, and Sue Ann Colwell are to be twirlers. One flag bearer is Sue Gillispie. The position of second flag bearer and vacancies in the Corps were filled last Tuesday.

The corps consists of: Billie Danner, Johnny Ford, Louise Dickinson, Norma Zell Zachery, Cheri Kilchriste, Gracie Boyd, Irma Gilliam, Valeta Haines, Joan Morton, Geneva McDougal, Janey Forrester, June Long, Mary Mae Peppard, and Betty Ross Craig.

Mrs. Gladys Haines, Mrs. S. McDougal, Mrs. A. W. Harding, Mrs. Long, and Mrs. Ross Craig, mothers chosen by the Corps, met Friday, October 12, in the auditorium to discuss uniforms for them. White blouses and skirts, with purple capes were selected to be the official uniforms for the corps.

Mr. Gray stated, "We hope to have the corps prepared to do a stunt when the Eagles play Friona, Friday night."

Tuesday, Wednesday, and Friday afternoons are the designated afternoons for practice.

"I hear the Mess Sarge got shell-shocked."

"Yep! He got bashed with an egg in the kitchen."

Russell Portrays Life At Mission

Talking Drum Illustrates
Native Correspondence

Opening the second assembly of the year, Geraldine Small and Frances Gooch led the student body in singing "Onward Christian Soldiers" and "Work For The Night Is Coming" accompanied by Max Bellah at the piano.

After giving the invocation, Rev. Joe Findley of the First Christian Church, introduced the speaker of the day, Rev. H. Gray Russell, missionary from the Belgian Congo. Rev. Russell has been at this mission since 1924 and is a teacher in the advanced department of the young people's school.

Rev. Russell demonstrated their "Drum Language" by playing several words on his drum. Well trained men carve these drums of hard redwood. Different tones indicate certain vowels and this drum language is used as a means of communications in and between villages.

When Rev. Russell arrived in this region, he was astonished to find strange beauty customs of the land; chipped teeth and designed bodies.

Marriage customs are also strange in that bigamy is practiced to a large extent. Metal anklets weighing 30 to 40 pounds are worn by the favorite wife.

After Mr. Russell's talk, the program was closed with the school song.

J. B. Speer Obtains Doctor's Degree

DR. J. B. SPEER

Completing the requirements for Doctor of Education at the University of Texas, October 10, Mr. J. B. Speer, superintendent of Canyon High School, received his Ed. D. degree.

Dr. Speer has been attending the summer session of the College of Education at the University. During this time and also while teaching, he compiled the material for his thesis, entitled, "Articulation Problems as Judged by Pupils, Parents, and Teachers in Selected Public School Units in Texas."

To obtain this honor it is necessary to have two years college work beyond the masters degree. Only ten school superintendents in Texas have fulfilled these requirements.

Teachers Attend Special Meeting

With Mrs. John Davis, president, in charge of the group, the Class Room Teacher's Organization met at the home of Mrs. Cecil Simms, with Mrs. Ed Weeks as co-hostess, on Thursday, October 11, at 7:30 for the first meeting this year.

Elected to fill the positions of vice-president and social chairman are Mrs. Cecil Simms and Miss Kathryn Davies, respectively.

After a short program, the refreshments were served to Mrs. Roscoe Davis, Mrs. A. K. Goodman, Mrs. T. W. Collins, Mrs. Stella Murrell, Mrs. Lucille Doughty, Mrs. Tom Brasher, Mrs. Polly S. Merchant, Mrs. Nora E. Gilmore, Mrs. Mitchell Jones, Mrs. Hazel Stuart, Mrs. Andy L. Walsh, the officers, and the hostesses.

The first American woman to own and operate a flying school was Katherine Stinson, of San Antonio, Texas, in 1915.

Hendrie Instructs Business Classes

MRS. HUGH HENDRIE

Mrs. Hugh Hendrie, new commercial teacher in Canyon High School, graduated with honors from Highland Park School, Dallas, Texas in 1936. While attending high school there she was a member of the following organizations: National Honor Society, Pep Squad, Riding Club, and on the basketball team.

In 1942 she received a Bachelor of Business Administration Degree with majors in Business Administration and Education, and a permanent high school certificate from West Texas State College, Canyon, Texas.

In 1945 Mrs. Hendrie received a Master of Business Administration from W. T. S. C. Her thesis topic was "The Ultimate Goal of Business Administration Students." It was a study made on what sampling of students (444) from six teachers colleges in Texas plan to be doing, with relation to employment five and ten years after they finish school. This was the first Master of Business Administration degree ever granted by a teachers college in Texas.

While in college, Mrs. Hendrie belonged to Type III, Y. W. C. A., East Texas Club, Freshman Fellowship Club, Dramatic Club, Alpha Psi Omega and the Prairie staff.

Two years prior to receiving her last degree, she was an instructor at Sheppard Field and Amarillo Army Air Field. While instructing at Amarillo Army Air Field, she was made an Instrument Specialist and sent by the government to Philadelphia, Pennsylvania, to study instruments at the Bendix Aviation Corporation, Manufacturers of Airplane Instruments.

Her husband T-Sgt. Hugh W. Hendrie, who has been in the army five and a half years, is now in an army hospital in Memphis, Tennessee recovering from injuries received in the European Theatre of War.

Mrs. Hendrie has a son, Charles, who is in the second grade.

Her hobbies are: caring for a registered cocker spaniel named "Tiny," collecting odd "what-nots," reading murder mysteries, and riding horseback.

Fire Themes Rate Different Prizes

During Fire Prevention Week, October 7-13, every student in Canyon High wrote a fire prevention theme for which each received credit in English. Owners of the best themes will be given prizes for their talents. The committee of judges is composed of college professors.

First prize winners among the juniors and seniors will receive three dollars each. Two dollars will be given to each first place in the seventh, eighth, ninth and tenth. One dollar will go to the second place winners of each class. These prizes are presented to the school each year by Hosea Foster of the Foster Insurance Company.

Now... TELEPHONE EQUIPMENT for Peace!

Telephone factories are getting into the swing of peacetime production.

Thousands of men and women in these factories have turned from making radar and gun directors to the complex job of making telephone equipment once again.

It's a change that pleases everyone. As more and more telephone equipment comes from the factories, it means that telephone people here can make faster and faster progress in caring for the 246,000 waiting for telephone service.

Such a big job takes time. Equipment is complicated. Making switchboards and dial equipment requires thousands of precision parts, thousands of intricate connections. And thousands more are needed to connect them as working parts of the telephone system.

But the good news is that we're on our way. We are working as hard as we can toward the day when anyone who wants a telephone can get it when he wants it.
